

RANDOLPH ORATORY.

Major Henry Newman, who is in Sedalia To-Day, Discloses the Indian Descent of Judge Smith.

Major Henry Newman, of Randolph county, who arrived in Sedalia this morning, made a characteristic speech at the democratic judicial convention in Kansas City yesterday. Upon being called to the platform to address the convention, pending the arrival of Judge Smith, Major Newman waxed poetic in his discourse upon the democratic party and the national candidates. He regarded the nominee of the convention then sitting as a lineal descendant of Captain Smith of colonial fame, and added that any man who had once seen the swarthy features of the judge could tell that he was distantly but directly related to that dusky beauty, Pocahontas, of the James river valley.

He gave a happy word picture of Cleveland and Harrison, characterizing the latter as an inhabitant of a celebrated hat, from which the diminutive executive sometimes emerged with a force bill in his boots. When he mentioned the name of Grover Cleveland as a man standing for the freedom of the people and the principles of the democratic party there was prolonged cheering. He praised Stevenson's adherence to the Jacksonian doctrine, that the spoils are the inheritance of the victors. Coming to the democratic platform Maj. Newman said: "Thank God, we have a tariff in the platform at last," and the sentiment was echoed in cheers.

HAD NOT SLEPT FOR YEARS.

Mr. A. Jackson, an old resident of Rusk, Texas, and manager of the magnificent new hotel at Rusk, informs us he had not slept at night for years, except in short naps, owing to incessant coughing. He was advised when very much run down to try Ballard's Horehound Syrup; he was immediately relieved of his cough and his rest improved to such a degree that he could sleep soundly all night; Mr. Jackson states: "I regard Ballard's Horehound Syrup superior to any cough syrup on the market, and its freedom from Opium and Morphine leave no constipation after using it. For this reason alone I consider it the best cough syrup in the world for children. My lungs are now stronger than they have been for years. This syrup is very soothing to the throat and lungs." OFFICERS MEETING.

The Captains of the Second Regiment Come Together and Select a Place for the Encampment—Carthage Gets It

The officers of the second regiment, N. G. M., met at Hotel Mitchell, Nevada, yesterday for the purpose of arranging for the regimental encampment. There was considerable talk made between Nevada and Carthage for the place of holding the encampment. After much consideration, Carthage was chosen and the date set for one week, beginning July 17th. Another matter was brought up, being the election of a major, to fill the vacancy occasioned by the resignation of Harry Allen, formerly of Sedalia. Capt. Harry Mitchell, of Nevada, was selected, and will serve as the senior major.

Those present at the meeting were: Col. W. K. Caffee, of Carthage, and his staff, Capt. J. W. Halliburton, Capt. J. M. McMillan, of Carthage, and Capt. F. C. Florence, of Joplin, and Lieut. Col. A. B. Digging, of Springfield, and the following captains: A. C. Findley, of Springfield; H. C. Demuth, of Sedalia; H. C. Clark, of Butler; G. W. Webster, of Joplin; B. B. Allen, of Carthage; H. Mitchell, of Nevada, and Lieut. H. J. Diehl, of Pierce City.

WHITNEY FOR CHAIRMAN.

It seems to be generally understood here that Mr. William C. Whitney, ex-secretary of the Navy, will be selected as chairman of the democratic National committee. In congressional circles it is asserted that Mr. Whitney having gone to Chicago and given his word of honor that to the best of his knowledge and belief Mr. Cleveland would carry New York City in November, he is now in honor bound to take the chairmanship of the national committee and pay personal attention to the carrying of New York state for his party. There are a number of aspirants for the chairmanship of the national committee, among them being Mr. Josiah Quincy of Massachusetts. The most substantial of the democratic leaders here, however, think that Mr. Whitney ought to be made chairman of the committee. Of course he would be made chairman without question if he would accept, and it seems to be the impression—the unanimous impression—of the democrats of the senate that Mr. Whitney should accept.

TO HANG IN AUGUST.

A Former Sedalia Colored Maiden to Pay the Fearful Penalty—A Sister in this City.

Yesterday morning, Judge White in the new criminal court room, at Kansas City Mo., sentenced Amanda Umble and Thomas Smith, negroes to be hanged between the hours of 6 and 9 o'clock on the morning of August 19.

There were but few persons in the court room when the sentences were pronounced. The prisoners were brought in through a side door from the corridor of the new jail. Judge White overruled the motion for a new trial for Amanda Umble, which was argued several weeks ago, and then ordered her to stand up. She arose and seemed not a bit agitated while the death sentence was pronounced.

One night last fall Amanda Umble attacked Eva Jackson on Independence avenue, near Oak street, while the woman was in the company of Will Jackson, who had been Amanda Umble's lover. Amanda carried a knife and with it cut her rival so that she died in a few hours. She was tried at the last term of court, found guilty and sentence was postponed until a motion for a new trial could be passed upon.

At the same time and by the same judge there was also sentenced. Tom Smith is a big, vicious looking man, black as a crow. He wears a short beard. He lived in a small house in the ravine northeast of St. John street and Salisbury avenue, Kansas City. One Sunday last winter he went into a saloon in the East bottoms, quarreled with and shot and killed George Cameron. Smith fled to Bonville where he was captured by Marshal Stewart some months later. He was tried at the last term of court.

The Umble woman formerly resided here and still has a sister living in Sedalia, she having been employed as a house-servant for a family residing on corner of Lamine and Fourth streets.

"Two Souls with but a Single Thought."

As they sat side by side, they sighed. "Oh my idol!" he said, and then idled. "Dear Luke," said she, as she looked, "I will wed thee if thou wilt," and he wilted. The honeymoon passed in an excess of joy. Excess of eating rich food brings indigestion, sick headache, and frequent attack of dizziness. Dr. Pierce's Pleasant Pellets will cure all these. They are tiny sugar coated, and easy to swallow. No other preparation compares with them as a Liver Pill. They are guaranteed, and one is a dose.

German, it seems, is not as bad a language for telephoning as might be thought. French is not bad, but it is almost as sibillant as English.

DEMOCRATIC CLUB MEETING

An Enthusiastic Gathering of Cleveland and Stevenson Devotees held Last Night—Officers Elected.

A large number of members of the Sedalia Democratic club, was held at Hurley's hall last night, the principal business of which was the election of officers for the ensuing six months.

W. H. Powell, Jr., who has so ably and efficiently filled the position of president of the club since its formation last spring was re-elected.

The vice presidents, all of whom were elected by acclamation, are Judge T. P. Hoy, L. S. Eddings, Thomas Mitchum, Frank Nichols, Edward Hurley.

P. B. Stratton was elected corresponding secretary; Charley Dexter, recording secretary; R. D. Thatcher, financial secretary; Pat Hailey, treasurer; Capt. T. C. Holland and Ed. Marvin, doorkeepers; and W. D. Wallace, sergeant-at-arms.

The club now numbers about 500 active democrats and is increasing in strength from week to week. There is a great work for it to do in the pending campaign, and it proposes to make its power felt in the county, the state and the national contest.

The club will be supplied a little later on with handsome Cleveland badges to wear in parades and on other public occasions.

She was Willing to Give Up All.

When Queen Elizabeth of England found death approaching her, she cried despairingly, "All my possessions for a moment of time!" There are wealthy ladies to-day, the world over, who would gladly exchange their riches for sound health. Many are made well and happy by Dr. Pierce's Favorite Prescription, a never-failing cure for diseases so common to women. As a corrective for all functional weaknesses it is of universal repute among the sex, and thousands of pale, worn-out, enfeebled victims have been changed into vigorous women and girls by its use. Guaranteed to give satisfaction, or price refunded. Druggists have it.

FILED SUIT.

Charles F. Reynard, who was Injured in a Pugilistic Encounter, Now Asks Damages in the sum of \$5,000

On the 16th day of last January, Chas. F. Reynard and Thos. Roberts, farmers living near Lamonte, became involved in a difficulty, when Roberts struck Reynard with a fence rail, severely injuring him.

Reynard had been employed by Roberts to help him butcher, and he was in the act of preparing for the slaughter when Roberts began to abuse him and struck him on breast with a fence rail. Reynard was confined to his bed for a number of weeks, sustaining internal injuries which will be permanent.

Reynard came to Sedalia this morning and after consulting his attorney's Sangree and Lamm, filed suit for \$5,000 damages. The case will come up at next term of the Pettis county criminal court.

WHAT IT MEANS.

The election of President Harris to a Republican congress means the adoption of a Force Bill. The adoption of a Force Bill means bayonets at the polls, oppression to white voters, and republicanizing of Democratic states by force of arms. It means further, the annulling of states rights in the control of elections, and the sweeping away of American freedom. For this reason alone, if for no other, many patriotic citizens who have heretofore voted the Republican ticket will cast their votes for Mr. Cleveland in the coming election.

FINE STOCK IN SEDALIA.

L. D. Bolton, one of Sedalia's enterprising stockmen, returned on Monday last from Winda r, where he purchased from Mr. Frank White, the finest two-year old saddle stallion in Missouri. Pronounced so by competent judges who have critically examined him. He has christened his new purchase "Bay Rose"—a very appropriate name for so pretty and superb an animal. This beautiful animal is a light bay, 15 hands and 1 inch in height sired by Artist Montrose, 1st dam by Artist Montrose, 2nd dam by Woodford Knox, and conceded to be even superior to his celebrated sire. Mr. Bolton will have him photographed for Colman's Rural World, and now has him with the balance of his stud at Association Park.

NO MONEY IN THE BANK.

Attorney E. J. Smith, of Sedalia, Mourns the Loss of Ten Dollars—He Seemingly Endorsed for the Wrong Man

A year ago a man giving his name as Boyles, was introduced to Lawyer E. J. Smith of this city, by a mutual acquaintance who still resides here. Boyles was then engaged in merchandizing at Houstonia, and bore a good reputation. He wished to borrow ten dollars, and got Mr. Smith to endorse a draft for that amount on the Bank of St. Clair county, of which institution J. P. Landers, a brother-in-law of Smith, is cashier.

On last Tuesday, Boyles, who has been residing at Osceola, was again in Sedalia, and approached Mr. Smith for the loan of ten dollars, saying that he was en route to Houstonia, where he had a large lot of stock which he was about to ship to St. Louis. As the first loan had turned out all right, Smith endorsed Boyles' check on the same bank and the latter had it cashed at one of the banks at Sedalia.

A few hours afterward, the accommodating lawyer received a telegram, which greatly surprised him, from Cashier Landers stating that Boyles had no money nor any credit in that bank; in fact that his draft was no good. Immediately following the telegram, came a letter from the cashier, saying that the alleged cattle-dealer had made no provision with the Bank of St. Clair for honoring any paper sent by him. Mr. Landers also used pretty emphatic language and some that was not at all complimentary, in speaking of Boyles.

Boyles informed Smith at the time that he secured the last loan that he was the representative of an extensive cattle firm in Kansas City.

The Sedalia lawyer is making diligent inquiry into Boyles' strange conduct, and is at a loss to know why he made the misrepresentation.

Here Lies!

Epitaphy is a demoralizing kind of tally. It appears on the tombstone, and eulogizes the dead almost to the very stars. The usual method of beginning, is: "Here lies." Very suggestive for the lies are frequently quite astonishing—almost enough so to both amuse and amaze the dead of whom they are written. A truthful epitaph, in many instances, would be: "Here lies one who omitted to take Dr. Pierce's Golden Medical Discovery." It sick and suffering, and dreading premature death, test the potent remedy. It cures all chronic, liver, blood, and lungs diseases, as biliousness, skin and scalp diseases, scrofulous sores and swellings, salt-rheum, tetter, erysipelas and even scrofula of the lungs (or consumption), if taken in time.

A TOKEN OF ESTEEM.

Judge Henry, of the Kansas City circuit court was yesterday the recipient of an \$850 check from a number of the older members of the bar. The object of the gift was that the judge, who is in ill health, might take a trip to Europe at the expense of the donors, who in this way seek to express their appreciation of his honor's worth.

The gift, which was privately made, was a great surprise to Judge Henry and so moved the venerable arbiter that tears welled up in his eyes. So delicately paid was the compliment, however, that there was no alternative left but for him to accept the check, and he will begin to make arrangements for the trip after his adjourns his court next Saturday.

ALL FOR THE TICKET.

The Chicago Ticket Indorsed by the Original Hill Newspapers.

Buffalo Times.

The only debate in honest Democratic minds was whether the divisions in New York were so serious as to render difficult or doubtful of success the ex-President's election in November. This question has been fully and fairly considered by the clear-headed men among Democracy leaders and the verdict is unanimously declared that Cleveland can be and will be elected the twenty-fourth President of the United States. In this decision the Times cheerfully and fully acquiesces.

Albany Times.

There will be no sulking over the result at Chicago among the men who have stood by the Senator from New York with such loyalty and determination. A two-third vote of the National Democratic Convention is obligatory, and will be ratified at the ballot box by every loyal Democrat everywhere, and especially in the state of New York. The Democracy of New York will do their full measure of duty.

Scranton News.

Bourke Cockran's pledge for Hill's followers and Tammany will be faithfully kept; no fear of that.

Whitehall Times.

The Times was, with the delegation from New York, in favor of the nomination of David B. Hill, because it believed that his services to the party during the past ten years had entitled him to the honor. The national convention, which held in trust the interests of every democrat in the country, having decided in favor of another man, that man becomes the nominee of every good and loyal democrat throughout the country. The Times will render to Grover Cleveland most loyal, enthusiastic and continued support. The friends of Senator Hill throughout the state may also be depended upon to support him loyally and energetically.

Rochester Union.

The overwhelming vote of the other states for Mr. Cleveland, in face of the fact that the delegation from his own state was solidly against him, shows the determination of the democracy of the country to fight the battle of 1888 over again on the tariff as a paramount issue. To this emphatic decision all democrats will bow, and in giving it effect at the election all democrats will join.

Geneva Gazette.

The Gazette, on the other hand, while as ardently preferring Hill as its more peppy contemporary, has printed nothing against Cleveland that it is obliged to recall, apologize for or explain. It can give him as earnest support as if he had been its first choice, and possibly a support all the more effective for such reason.

Shenandoah Gazette.

The "Hill democrats" will be found in the forefront battling for Cleveland and Reform. Tammany has a duty to perform. It must support the nomination of Grover Cleveland with a loyalty and sincerity which will not admit of a semblance of doubt. That it will do this is the belief of the Morning Sentinel. Its faithful advocacy of the nomination of Senator Hill all true democrats will commend, and its cordial acceptance of the nomination of ex-President Cleveland will be applauded. There is no middle ground to occupy in this year of grace 1892.

Hartford Telegram.

Yesterday our preference was for that unconquered and unconquerable hero of the democratic voters of New York, David Bennett Hill. To-day our duty lies in being loyally true to the unanimous choice of the democracy of the nation. As the Hartford Telegram has been an ardent and determined supporter of the claims of Senator Hill, while those claims were legitimate and honorable, so will the Hartford Telegram work faithfully and earnestly in the interests of Grover Cleveland and for the success of democratic principles, both in state and national issues, at the next November elections.

HIS TEETH AT HIS OFFICE.

A Fact That Was Forgotten Until Dinner Was Served.

A tall middle-aged man, with hollow cheeks, mounted a stool in a downtown restaurant yesterday afternoon and said to the black-eyed waiter girl who had come to serve him: "Bring me a piece of broiled chicken—dark meat."

The order was filled, and as the customer took up his knife and fork to carve off a mouthful of the succulent remnant of the bird, suddenly paused in his operations and calling the girl to him, whispered something in her ear.

The plate of broiled chicken was taken away, and when the girl returned she brought a bowl of custard. After he had finished, and his cheek had been rung in, an inquisitive gentleman, who had been a witness of the somewhat unusual proceeding, said to the waiter girl: "Was that piece of chicken a little off?"

"No, sir; it was as sweet as honey."

"What was the trouble, then?" "He told me that he had left his false teeth on his desk in his office, and that the chicken would be too severe a task for him."—Boston Herald.

Rope Climbing Made Easy.

A device recently patented by a French inventor is designed to facilitate rope-climbing while at the same time permitting the climber to have free use of his hands. The apparatus consists of two boards joined by a strong hinge, with a hole passing through both the hinge and the boards. The extremities of the boards are provided with straps, which can be fastened to the feet of the man using the device. The method of climbing by this apparatus is simple. When the feet are attached to the boards are lifted the rope is free, but the moment the feet are pressed down on the two boards the rope is firmly gripped. It is necessary, therefore, only to lift the body by both hands as far as possible, and then it can be held by the hinged clamps until another lift is made. By the use of a belt to hold the body close to the rope the hands may be left free. This device is designed especially for the use of firemen and painters, also to serve as a fire escape.—Philadelphia Record.
